

Experience the exceptional

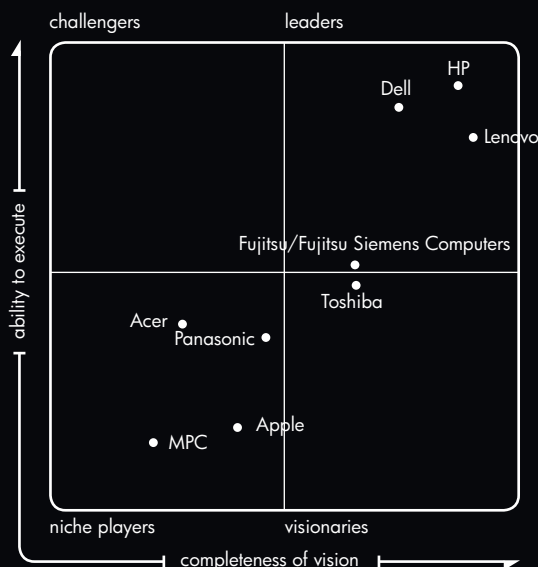

THE  
COMPUTER  
IS PERSONAL  
AGAIN.

# Inner excellence and outer elegance

HP has always been at the forefront of outstanding IT, whether in terms of design, quality or performance. This year, we're proud to present a whole new look and quality for our entire notebook range. With many new highlights and our unique suite of security, ease-of-use and reliability features known as "HP Professional Innovations", the range is, in a word, exceptional.

For the SMB market, HP delivers hardware and services that ensure you spend less time on IT and more on what matters most – your business. For the Corporate and Enterprise market, HP provides a trusted environment based on manageable, reliable, secure and east-to-use products.

In autumn 2008, Gartner conducted a study on technology vendors: HP was positioned in the leaders quadrant in Gartner's Magic Quadrant for Global Enterprise Notebook PCs.\*

Beyond this, HP's new business notebook PCs are elegantly streamlined, high quality and extremely professional – as standard. All you have to figure out is: what's your professional style?

## SUPERIOR (W SERIES)

There are notebooks and then there are the mobile workstation (w) series notebook PCs – the ultimate combination of unparalleled performance, cutting-edge technology and rugged mobility.

## SOPHISTICATED (P SERIES)

Inspired by aircraft construction, our engineers chose only the finest materials for our professional (p) series notebook PCs, offering the perfect blend of minimalist design and maximum durability.

## SMART (B SERIES)

For those who consider smart design and business-critical, innovative features a necessity, our business (b) series notebook PCs are the obvious choice.

## SIMPLE (S SERIES)

The standard (s) series notebook PCs deliver basic simplicity in an efficiently designed notebook that's built for both function and value.

## SECURE (T SERIES)

A welcome addition to 2008 is our impressive thin client (t) series. For mobility that is as easy as it is secure, these notebooks are optimised to keep your data and licences on servers in a safe and managed environment.

# HP Professional Innovations ... part of your notebook DNA

Every notebook gives you portability, but portability doesn't make you mobile. True mobility comes with a certain amount of security and reliability risks. Is your information safe? What if you damage your notebook? HP addresses these issues with HP Professional Innovations. Just like the strands of DNA that make you who you are, HP Professional Innovations are the genetic codes that set us apart. These intuitive technologies are the foundation of our notebook family, adapting perfectly to your needs, and include the following:

## SECURITY

Flexible security solutions for a trusted environment.

- ✓ Protecting assets and data
- ✓ Preventing unauthorised access
- ✓ Preventing illegal and unwanted software
- ✓ Deploying patches
- ✓ Addressing legislative concerns

## EASE OF USE

Increase productivity and lower IT support costs with solutions that are easy to use, deploy and manage.

- ✓ Easy on power
- ✓ Easy wireless connections
- ✓ Easy access
- ✓ Easy to share work
- ✓ Easy accessories
- ✓ Easy to deploy and manage

## RELIABILITY

Designed to ensure high product quality and durability. Get mobility you can truly count on.

- ✓ HP Total Test Process
- ✓ Hard Drive Protection
- ✓ HP Durable Materials
- ✓ HP Recovery Manager

For comprehensive information on HP's wide range of Professional Innovations (including videos), please visit: [hp.com/go/innovations](http://hp.com/go/innovations)

Please note: all Professional Innovations offerings vary according to platform.

# SECURITY

## BUILT TO PROTECT

HP recommends Windows Vista® Business.

Your data is your business. Having your notebook fall into the wrong hands is not an option because the cost of such a breach isn't limited to your hardware. Think about what you store on your notebook – financial information, contacts, confidential business documents and e-mail? That is why HP helps secure your identity and your data with a broad range of multi-layered security solutions and user-authentication choices.

## BUILT-IN SECURITY FEATURES

**HP Privacy Filter**  
Limits unwelcome  
"from the top and side"  
display content viewing.

**HP Smart Card Reader**  
Built-in smart card support  
without having to purchase  
additional hardware for  
enhanced security.

**HP Fingerprint Sensor**  
Removes the headache  
of remembering  
passwords by allowing  
you to use fingerprint  
authentication to log  
onto Windows®.

## HP PROTECTTOOLS

**HP File Sanitiser for HP ProtectTools**  
Allows you to permanently dispose of  
sensitive data.

**Drive Encryption for HP ProtectTools**  
For serious peace of mind, this encrypts  
all the information on your hard drive  
to make it unreadable to unauthorised  
users (using the TPM 1.2).

**Credential Manager for HP ProtectTools**  
Enhance your security without increasing  
your complexity. With single sign-on,  
you won't need numerous passwords.

# EASE OF USE

## BUILT TO SIMPLIFY

We want to help boost your productivity while maximising simplicity. Be assured that our easily managed and maintained business notebooks as well as our award-recognised support give you a full range of services and features that can help you and your business thrive.

### EASY ON POWER

#### HP Fast Charge

Quickly recharges your battery so you get back to business faster: 90 per cent in 90 minutes.

#### HP Ambient Light Sensor

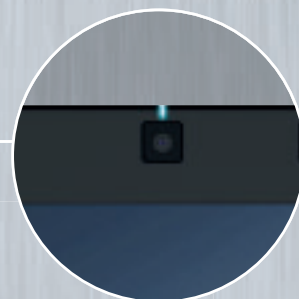

Get up to one hour of additional run time in most office environments when compared to working at full panel brightness. Just press FN & F11! (On selected models.)

### EASY TO SHARE AND WORK

#### 2MP Webcam with Business Card Reader Software

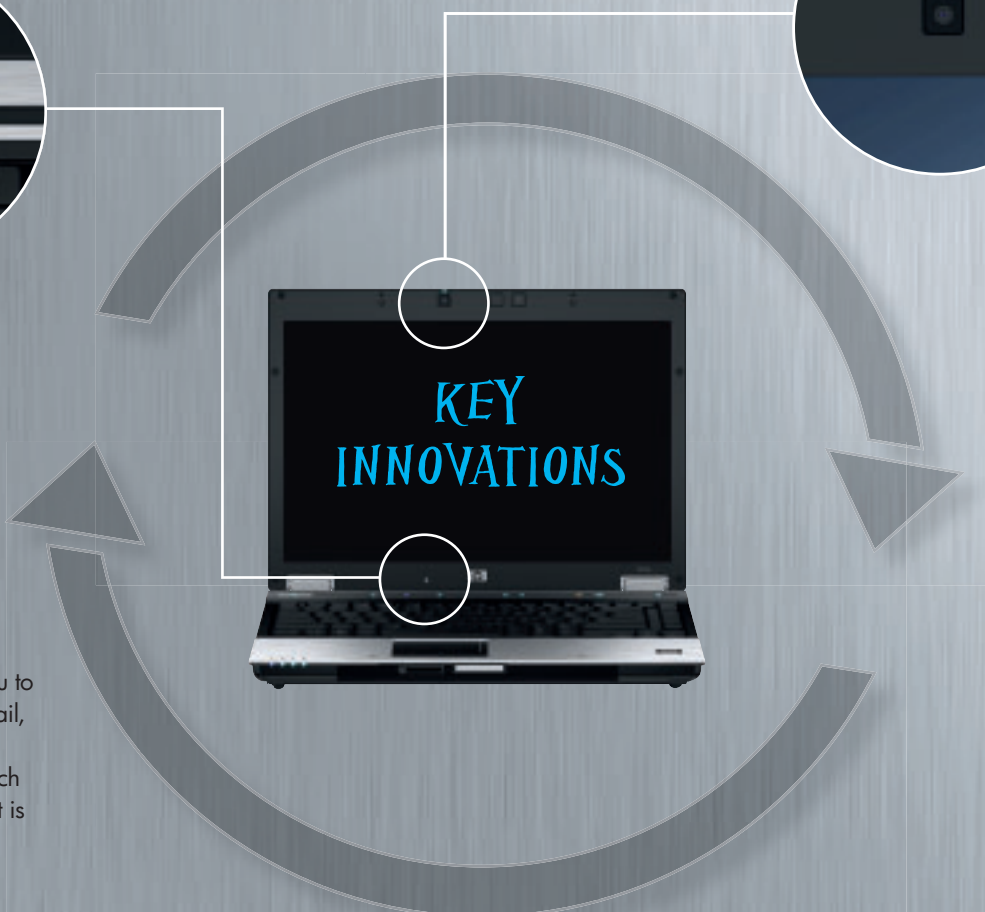

Boost your productivity while maximising convenience with features such as the 2MP Webcam with Business Card Reader software. That way, you never forget a name, e-mail address or mobile phone number.

### EASY ACCESS

#### HP QuickLook 2

HP QuickLook allows you to quickly browse your e-mail, calendars and contact information with one touch of a button while the unit is switched off.

### EASY WIRELESS CONNECTIONS

#### HP Mobile Broadband

Integrated HP Mobile Broadband allows you to conveniently access the Internet, corporate intranet, e-mail, and mission-critical information wherever you need it.

### EASY TO DEPLOY AND MANAGE

#### HP Softpaq Download Manager

Guides you through the process of easily locating and downloading necessary drivers, utilities and applications. Just download under [hp.com/go/easydeploy](http://hp.com/go/easydeploy)

# RELIABILITY

## BUILT TO LAST

When you make an investment, you want it to last. HP Business Notebook PCs and accessories are designed to ensure high product quality and durability so you get mobility you can truly count on.

### HP DURABLE MATERIALS

#### HP DuraCase

Inspired by aircraft construction, HP DuraCase includes several durability features designed to deliver enhanced notebook reliability.

#### HP DuraKeys

Keys look newer for longer and are more durable.

#### HP DuraFinish

Scratch-resistant surface that protects the keyboard deck from normal wear and tear, keeping graphics and icons intact.

KEY  
INNOVATIONS

### HARD DRIVE PROTECTION

#### HP 3D DriveGuard

This feature instinctively protects your data by parking the hard drive prior to a physical shock, bump or drop.

### HP QUALITY

#### HP Total Test Process

Our notebooks and accessories undergo over 95,000 hours of testing to ensure the highest standards in design, materials and components.

# Exclusive:

The new range of exceptional HP Business Notebooks.

6830s  
17"

6730s  
15.4"

## Mini-Note features

**Small:** ultracompact, but still big on reliability and usability features:

- ✓ Anodised-aluminium case and scratch-resistant display
- ✓ HP 3D DriveGuard
- ✓ Intel® Atom™ processors for better performance  
and battery life
- ✓ 92 percent of full-sized QWERTY keyboard
- ✓ HP DuraKeys and spill-resistant keyboard

## P series features

**Sophisticated:** All the essentials, plus these fabulous extras:

- ✓ Business-rugged design, including:
  - HP DuraCase (except 2730p)
  - HP DuraFinish
  - HP DuraKeys
- ✓ HP Mobile Broadband (upgradeable)
- ✓ Full suite of HP ProtectTools
- ✓ Intel® Centrino® with vPro™ technology
- ✓ Lean and stable image

## W series features

**Superior:** All the p series features, plus these enhanced benefits:

- ✓ ISV certifications
- ✓ Workstation-calibre graphics performance with a choice of ATI FireGL or Nvidia Quadro
- ✓ Amazing power and performance
- ✓ HP Performance Tuning Framework software pre-installed at no extra cost
- ✓ HP Mobile Broadband (upgradeable, 8530w only)
- ✓ High-end features

## T series features

**Secure:** Flexibility of a thin client plus integrated HP Professional Innovations:

- ✓ Enhanced write filter
- ✓ HP ThinState Tools
- ✓ Magnesium alloy structure for enhanced durability
- ✓ Altiris Deployment Solution
- ✓ Solid-state design – no moving parts

The **STANDARD (S) SERIES** delivers outstanding value with essential business features to keep you and your business moving forward.

**NEW:** Sleek reflective black satin surfaces to add to an already sleek profile.

Travel essential

### HP COMPAQ 2230S

(12.1" screen, 1.7 kg)

What's small, light and perfect for small business users on the move? Starting at just 1.7 kg, the 2230s gives you the latest technology – such as an HDMI port for easy multimedia connectivity – in an ultra-compact form factor at a price that's hard to beat.

---

Care Pack: 3-year Next Business Day On-site UK704E

Financially smart

### HP COMPAQ 6735S

(15.4" widescreen, 2.5 kg)

Gain the freedom to work on the go without compromising functionality or performance. Featuring AMD® processors' latest technologies and a large wide-screen display, this notebook is an affordable companion to any small business.

---

Care Pack: 3-year Next Business Day On-site UK704E

Business essential

### HP COMPAQ 6730S

(15.4" widescreen, 2.5 kg)

The ideal compromise between power and cost for the small business. Be mobile and able to work anywhere – your business requires it and, with this notebook, you won't be disappointed. Keep costs down as you benefit from the latest technologies, enhanced graphics, a large widescreen display and Intel processors.

---

Care Pack: 3-year Next Business Day On-site UK704E

### DID YOU KNOW ...?

... that all s, b and p notebooks are equipped with HP 3D DriveGuard to protect your hard disk drive when you are on the move.

Dream big

### HP COMPAQ 6830S

(17" widescreen, 3 kg)

... because with this practical notebook, it could all come true. Take it with you wherever you go and make use of its dreamy large widescreen display, great graphics and integrated numeric keypad.

---

Care Pack: 3-year Next Business Day On-site UK704E

Our **BUSINESS (B) SERIES** offers you an optimal combination of business-critical and innovative features for mainstream business functionality.

**NEW:** Silver design with magnesium alloy structure.

Tailored for business

**HP COMPAQ 6730B**  
(15.4" widescreen, 2.7 kg)

Let your customers enjoy the show with an impressive display – all while you enjoy the convenience of advanced security and extensive connectivity wherever you are. Featuring Intel processors, this scalable notebook is an excellent partner to your business needs.

---

Care Pack: 3-year Next Business Day On-site U4386E

Business traveller

**HP COMPAQ 6530B**  
(14.1" widescreen, 2.4 kg)

Walk the walk and talk the talk with all the business-critical features you need. Freedom to move is truly all yours with this Intel processor-powered device. And wherever you are, uncompromising functionality, performance and security will follow.

---

Care Pack: 3-year Next Business Day On-site U4386E

HP Softpaq Download Manager provides a simple, powerful mechanism for downloading software updates for HP client PCs. For more information, please visit: [hp.com/go/easydeploy](http://hp.com/go/easydeploy)

All-round performer

### HP COMPAQ 6735B

(15.4" widescreen, 2.7 kg)

Don't like to compromise on convenience or features, excellent connectivity and improved security? You'll be happy to hear they come as standard with this AMD processor-driven notebook.

---

Care Pack: 3-year Next Business Day On-site U4386E

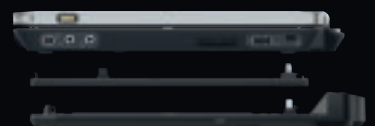

The **PROFESSIONAL (P) SERIES** takes our most innovative features and latest technologies and combines them with enhanced durability and mobility. Despite the robust exterior, its sleek, lightweight design and constant connectivity give you the freedom and flexibility to work where and when you need.

**NEW:** Sophisticated professional design.

#### **DID YOU KNOW ...?**

... that HP has created a line of ultra-light and ultra-slim docking stations and secondary batteries exclusively for the 2530p and 2730p notebooks so you can get the performance boost you need without surrendering minimalism or mobility?

Lighten your workload

### HP ELITEBOOK 2530P

(12.1" screen, 1.4 kg)

A feature-packed, professional notebook doesn't get much more compact than this. Besides being the smallest and lightest HP EliteBook, the 2530p debuts the new Intel® Core™2 Duo ULV or LV (ultra-low or low wattage) processor technology, for lower power consumption and cooler operation.

---

Care Pack: 3-year Next Business Day On-site U4415E

Productivity with a twist

### HP ELITEBOOK 2730P

(12.1" screen, 1.7 kg)

Not only is it ultra thin and lightweight, the HP EliteBook 2730p features a convertible, swivel tablet screen. This innovative design helps keep you productive in creative new ways.

---

Care Pack: 3-year Next Business Day On-site U4415E

Corporate elite

### HP ELITEBOOK 6930P

(14.1" widescreen, 2.1 kg)

The HP EliteBook 6930p Notebook PC sets a new standard for on-the-move productivity with up to 24 hours' battery life and business ruggedness. With a starting weight of only 2.1 kg, this newly designed notebook meets multiple military standard tests for durability.

---

Care Pack: 3-year Next Business Day On-site U4415E

Power plus portability

### HP ELITEBOOK 8530P

(15.4" widescreen, 2.9 kg)

Take productivity to a whole new level. With its next-generation 45nm Intel® Core™2 Duo processor, you'll be able to run your high-performance computing applications even faster.

---

Care Pack: 3-year Next Business Day On-site U4415E

The **MOBILE WORKSTATION (w) SERIES** is truly superior with more power, bigger screens, superior OpenGL graphics performance, extensive ISV certifications, pre-installed HP Performance Tuning Framework and its business-rugged design. Now you'll have no problems meeting your ultra-challenging design and business requirements – even on the go!

Portable powerhouse

### **HP ELITEBOOK 8530W**

(15.4" widescreen, 2.9 kg)

The ultimate in high-end graphics, media and application capabilities all packed into a sleek and durable chassis. With the 8530w at your side and new upgradeable WWAN connectivity, you'll never feel so empowered and so free.

---

Care Pack: 3-year Next Business Day On-site U4415E

Power to perform

### **HP ELITEBOOK 8730W**

(17" widescreen, 3.4 kg)

As a corporate professional or creative genius, you require a notebook that does whatever you need it to do – from high-end designs to complex computations – no matter where you are. And now with its new HP DreamColor display, watch as your true-to-colour graphics appear to jump off the screen!

---

Care Pack: 3-year Next Business Day On-site U4415E

### **DID YOU KNOW ...?**

Our new business-rugged EliteBooks (p and w series) are as tough as they come. To ensure that they won't let you down in crucial moments, we tested them for performance in conditions as extreme as -29 °C and 60 °C; at altitudes up to 4,500 meters; after being dropped numerous times from 76 cm; and while being run over by a car!

Our **MOBILE THIN CLIENT (T) SERIES** works in conjunction with your server-based virtual PC or blade PC environment, allowing you to keep your applications and data secure on a central server, even when you're working remotely.

Go Mobile. Go Thin.

**HP COMPAQ 6720T**

(15.4" widescreen, 2.5 kg)

Enjoy the security and manageability of a thin client with the mobility and convenience of a notebook. With no moving parts, a magnesium support structure and the spill-resistant keyboard, it's also sturdy and built to last.

---

Care Pack: 3-year Next Business Day On-site UK704E

The new **HP 2140 MINI-NOTE PC** offers all the benefits of a fully functional PC and is just over 1" thick! But don't let the small size fool you: its durable aluminium construction ensures it can withstand bumps and shocks while the 92 percent keyboard and large 10.1" display let you work on it as comfortably as on a full-sized notebook.

Small wonder. Big possibilities.

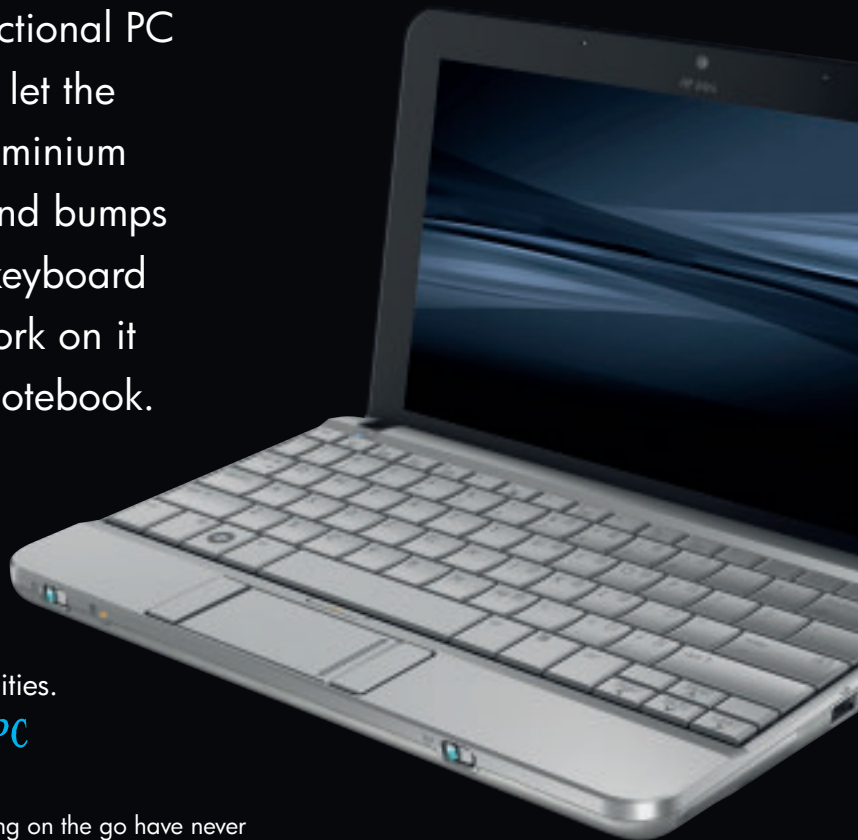

**HP 2140 MINI-NOTE PC**

(10.1" screen, 1.2 kg)

Collaborating and communicating on the go have never been easier with the Mini-Note's integrated webcam and wireless technologies. And with its new Intel® Atom™ processor, Intel's low-power, smallest-ever processor, you'll be able to work – or play – away from home even longer!

---

Care Pack: 3-year Next Business Day On-site UK704E

# Accessories

## Efficiency boosters

Your notebook is leading a double life. Normally, it spends hours in the office and is most comfortable at your desk with all its essentials in one place. Then there are the times it has to be mobile, when you're travelling. How do you get the most out of it in each respective environment? Easy. With HP accessories, you boost performance and convenience at work, on the go, at home ... and all the time in between.

## ON THE GO

From home to the plane to the hotel to meetings and back, your notebook needs to have plenty of power to keep going. To help you and your notebook stay productive, give it the essential travel accessories that will make it easier for both of you to work.

**1. HP 12.1", 14.1" and 15.4" Display Privacy Filter (AJ356AA, AJ357AA, AJ358AA)**

Increases privacy by shielding your screen from others.

**2. HP Smart Auto/Air/AC Adapter – 90W (AJ652AA)**

Stay charged or easily recharge while you're on the go.

**3. HP USB Optical Travel Mouse (RH304AA)**

Its pocket size makes it ideal for the road.

**4. HP Ultra-Capacity Battery – 12 Cell (EJ092AA)**

More than 24-hour battery life to keep you going on long trips.

**5. HP Kensington Security Lock (PC766A)**

Secure your notebook and docking station with a turn of the key.

**6. HP Executive Leather Case (RR316AA)**

**or other alternative HP business cases**

Keep your equipment and data well protected.

## AT HOME

At home, it's good to be able to use your notebook for work, play or display purposes in more than one room. So, enjoy a sense of fluid working with all available accessories to enhance convenience and extended battery life.

## AT WORK

In the office, you're required to be at your productive best, present at long meetings and sometimes even longer nights at your desk. That means your notebook has to work as hard as you in the office. Here are the essentials that help.

**1. HP L2245w Flat Panel monitor (GX008AA)**

Add an external HP monitor and enjoy increased productivity by using a dual monitor setup via the DVI connection to your docking station.

**2. HP Standard USB Keyboard (DT528A)**

Lets you comfortably and conveniently type at your desk.

**3. HP USB PS/2 Optical Mouse (DC369A)**

Point and click with more accuracy and convenience.

**4. HP Adjustable Notebook Stand (PA508A)**

Enjoy better posture and more comfortable viewing.

**5. HP Docking Stations**

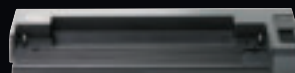

Docking stations offer the convenience of a desktop with port replication, cable management and extra USB ports. The advanced model also offers an express card slot and Upgrade Bay slot for seamless connectivity to the optional hard or optical drive. Basic and advanced docking stations are also available for the w-series notebooks, turning those mobile workstations into real office workhorses. While ultra-compact docking stations give 2000p-series users desktop convenience in a space-saving design.

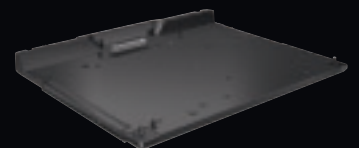

**HP 2008 Basic Docking Station (KP080AA) or HP 2008 Basic WKS Docking Station (KQ751AA)**

**HP 2008 Advanced Docking Station (KP081AA) or HP 2008 Advanced WKS Docking Station (KQ752AA) with optional SATA Upgrade Bay HDD (AK868AA)**

**HP 2000 Ultra-Light Docking Station (EQ773AA)**

**HP 2700 Ultra-Slim Expansion Base (GD229AA)**

# Enhanced services and solutions

## IDEAS FOR LOWERING YOUR TCO AND EXTENDING YOUR NOTEBOOK'S LIFE

### **HP Care Pack Services – the support you need to stay up and running**

What if you spilled a freshly brewed coffee latte on your notebook? In case of accidents or unforeseen problems, make sure you're covered – and we don't mean with coffee! Choose the support package and service level that best fits your budget and your needs, such as extended coverage or travel protection. Now you don't have to cry over spilled milk – or coffee. Instead you can get on with your day and your business!

With HP Care Pack Services, you get:

- ✓ Fast, responsive support for timely problem resolution
- ✓ Convenient up-front payment and preset pricing
- ✓ Consistent expert repair services backed by HP
- ✓ Increased protection for your investment and your sensitive data

For more information, please visit: [hp.com/hps/carepack](http://hp.com/hps/carepack)

### **HP Delivery and Logistic Services – convenience comes as standard**

Get your products delivered directly by HP. Choose from basic delivery to your door or desk, or value-added services such as consolidated shipment of different products, special requests, delivery outside business hours and more.

For more information, please contact your local HP representative.

### **HP Financial Services – the affordable way to invest in IT**

Need technology now? Use HP Financial Services to easily rent, lease or finance the equipment you need and ensure a low total cost of ownership.

For more information, please visit: [hp.com/uk/go/hpfinancialservices](http://hp.com/uk/go/hpfinancialservices)

### **IT Client Management Solutions – run with ease and efficiency**

Optimise your IT infrastructure costs and ease deployment of new technology with solutions based on HP Client Manager software and the Altiris product line.

For more information, please visit: [hp.com/go/easydeploy](http://hp.com/go/easydeploy)

### **HP Factory Express Security Solutions – don't lose out**

Keep your notebook safe with HP Factory Express Security Solutions. If it goes missing, your Oxygen StopTrack security tag can be used to help track and trace your equipment!

For more information, please visit: [hp.com/go/factory-express](http://hp.com/go/factory-express)

# Doing our part for a better tomorrow

**“ENVIRONMENTAL RESPONSIBILITY IS GOOD BUSINESS. WE’VE REACHED THE TIPPING POINT WHERE THE PRICE AND PERFORMANCE OF IT ARE NO LONGER COMPROMISED BY BEING GREEN, BUT ARE NOW ENHANCED BY IT.”**

Mark Hurd, HP Chairman and Chief Executive Officer

HP Business Notebook PCs are designed to minimise their impact on the environment by eliminating or reducing substances of concern, using fewer resources, reducing energy consumption and designing for recyclability. In our product packaging, we minimise material usage and reduce packaging size/weight to improve transportation fuel efficiency.

## **Designed to reduce environmental impact**

- ✓ HP Business Notebooks meet the rigorous standards set by US-based rating system, The Electronic Product Environmental Assessment Tool (EPEAT). For more information on EPEAT standardisation, please refer to [epeat.net](http://epeat.net)
- ✓ HP Illumi-Lite displays feature mercury-free LED backlighting, reducing the amount of hazardous materials used.
- ✓ Magnesium cases are highly recyclable.
- ✓ The 6500 and 6700 models use 100 per cent post-consumer plastic content in speaker modules.
- ✓ Continuous modifications of design, considering alternative materials and reducing notebook size.
- ✓ Smaller packaging and post-consumer recycling.

## **Designed for energy efficiency**

- ✓ Energy Star® 4.0 qualified for superior energy efficiency across the entire range.
- ✓ HP Illumi-Lite displays are highly-efficient backlit LEDs, boosting battery run-time.
- ✓ HP Ambient Light Sensor dims your display in low light conditions, reducing power consumption.
- ✓ Smart AC adapters have a built-in sensor that alerts the notebook when power rating.

## **Designed to be reused and recycled**

- ✓ HP Disk Sanitiser permanently removes all sensitive information stored in the hard drive, making it possible to reuse or donate older computers when ready for reuse/disposal.
- ✓ Innovative reuse and recycling programmes include lease and trade-in programmes.
- ✓ Magnesium enclosures are easier to recycle. Also HP DuraFinish is more recyclable than painted parts.
- ✓ Computer parts are reused in PCs and other products.

Battery Life	Up to 3h 30m	Up to 3h 45m	Up to 4h 30m	Up to 3 hours	Up to 6h 15m	Up to 4h 15m	Up to 6h
Extended Battery Life					Up to 12h 30m	Up to 8h 45m	Up to 12h
Ultra-Capacity Battery Life					Up to 16h 30m	Up to 11h 45m	Up to 15h 30m
Warranty	1 year carry-in; pick-up and return in some countries (upgrades available, sold separately), 1 year warranty on primary battery						
Dimensions (h x w x d) & weight	28 x 294 x 226 mm Starting at 1.68 kg	32.3 x 358 x 266.8 mm Starting at 2.49 kg		32.3 x 396 x 285 mm Starting at 2.95 kg	32.6 x 334.8 x 242.8 mm Starting at 2.41 kg	33.6 x 356 x 265.6 mm Starting at 2.69 kg	

<sup>1</sup> WXGA = Wide Extended Graphics Array; WVA = Wide Viewing Angle

<sup>2</sup> Full availability of 4 GB of memory requires Windows Vista® Business 64-bit or Linux. With Windows 32-bit operating systems, the amount of usable memory is dependent upon your configuration so that above 3 GB, all memory may not be available due to system resource requirements.

<sup>3</sup> Optical Drives: SM = SuperMulti; DL = Double-layer; LS = LightScribe (Creates a monochrome image. LightScribe media required. Sold separately.)

<sup>4</sup> VGA = Video Graphics Array<sup>5</sup> Requires separately purchased HP Ultra-Capacity Battery and customer download of the latest Intel graphics driver and HP BIOS. Notebook must be configured with optional Intel 80 GB SSD drive and HP Illumi-Lite LED Display and requires the Microsoft® Windows® XP operating system. Battery life will vary depending on the product model, configuration, loaded applications, features, and power management settings. The maximum capacity of the battery will decrease with time and usage.

The Gartner Magic Quadrant is copyrighted 6 October 2008 by Gartner, Inc., and is reused with permission. The Magic Quadrant is a graphical representation of a marketplace at and for a specific time period. It depicts Gartner's analysis of how certain vendors measure against criteria for that marketplace, as defined by Gartner. Gartner does not endorse any vendor, product or service depicted in the Magic Quadrant, and does not advise technology users to select only those vendors placed in the "Leaders" quadrant. The Magic Quadrant is intended solely as a research tool, and is not meant to be a specific guide to action. Gartner disclaims all warranties, express or implied, with respect to this research, including any warranties of merchantability or fitness for a particular purpose. The Magic Quadrant graphic was published by Gartner, Inc., as part of a larger research note and should be evaluated in the context of the entire report. The Gartner report is available upon request from HP.
